

**DESCRIPTION**

The Full Wire Brush Pig is our signature pig, originally an invention of Boar Pipeline, patented in 1977. A heavy density foam pig with full outer coating of polyurethane elastomer. All sides of the pig are fixed with steel wire brush strips for maximum scraping and cleaning action.

**SPECS**

- 5-7 lb. or 8-10 lb. Density Open Cell Foam
- Bullet or Bi-Directional

**OPTIONS**

- Pull Rope
- Standard or heavy gauge brush
- Transmitter Cavity
- Extended Length
- Nylon Brush

**DIMENSIONS - BULLET NOSE**
